March 11, 2010 – Walter Murray student Easter Seals ambassador

Each year Easter Seals™ Saskatchewan selects a young adult who takes part in one of the Easter Seals programs to become the Easter Seals Ambassador. This year Easter Seals™ Saskatchewan has chosen Greg Donaldson, a Grade 9 student at Walter Murray Collegiate. Greg represents all children who use Easter Seals programs offered by the Saskatchewan Abilities Council.

As the 2010 Easter Seals™ Ambassador, Greg will be involved in a number of media conferences and Easter Seals™ special events. Greg and all Easter Seals™ children know that going to summer camp is fun, a computer can help a person talk, and children can do fun things in the city. As this year's Ambassador, Greg will share how Easter Seals™ programs impact self-confidence, independence, recreational and social opportunities for himself and his Easter Seals friends at many Easter Seals events throughout the city.

Saskatoon Public Schools congratulates Greg on being appointed the 2010 Easter Seals™ Ambassador for Saskatoon and area. We are very proud of him!

Camp Easter Seal is a fully wheelchair accessible facility located at Manitou Beach near Watrous. Camp Easter Seal is an ideal way to meet new friends, develop new skills, participate in activities and relax, all in a safe environment.
