BACKGROUND

Strengthening Our Learning Community- Strategic Direction: Our Students’ Learning goal states: “Our students will engage in relevant and challenging learning opportunities to enhance their academic, personal, and social/cultural growth.” Our People goal states: “Our people will be committed to a constructive educational culture that values people, excellence, and life-long learning.” Our Community goal states: “We seek to build with our community shared ownership and responsibility for the well-being and education of our children and youth.” Our Organization goal states: “Our organization will be principled, innovative, collaborative, accountable, and effective.”

CURRENT STATUS

Mme Fiander, a grade 2 French Immersion teacher from École Alvin Buckwold School, and member of the math learning community, identified through math screeners, classroom observations and conversations that computational fluency, understanding of numbers and basic facts along with the development of French language were areas to focus on with her students. Mme Fiander has been creative in her instructional approaches to teaching computation while still continuing to build her French students’ oral fluency. During the mathematicians’ workshop, students enjoy math games provided by their teacher and have the opportunity to practice their French while teaching these games to their peers in other classrooms. As well, each of Mme Fiander students has received a bag of math dice games that parents report to be popular in their homes.

Mme Jennifer Haywood, Principal École Alvin Buckwold School, Mme McKeague, intern in grade 2 at École Alvin Buckwold School, and students will share their story on this innovative approach to building math computational skills along with oral fluency.

BACKGROUND

French Immersion continues to flourish within Saskatoon Public Schools in eight elementary schools and four collegiates. École Dundonald School began a K-6 French Immersion program in 2017-2018 and has expanded to grade seven for 2018-2019. Saskatoon Public Schools continues to support French Immersion families, students, staff, and schools through research-based approaches to staff and program development.

CURRENT STATUS

Saskatoon Public Schools’ French Immersion plan aligns with the division’s integrated project plan. French is the language of instruction for all subjects, with the exception of English Language Arts. The goal is for students to become highly proficient in English and functionally fluent in French. The focus on elementary and secondary French Immersion learning not only aligns with our division learning focus, but is responsive to student and teacher needs. Professional learning also includes a focus on our late French Immersion programming with a renewed emphasis on professional development and expected practices.

This update will illustrate elementary and secondary learning supports in French Immersion and the impact on student learning. Mr. Paul Bazin, Coordinator: French Immersion K-12, and Mr. Mitch Kachur, Superintendent of Education, will present some of the highlights of the French Immersion work during 2018-2019.

MEMORANDUM

DATE: December 11, 2018

TO: Board Trustees

FROM: Garry Benning, Chief Financial Officer
Deanna Scott, General Manager of Financial Services

RE: FINANCIAL RESULTS TO NOVEMBER 30, 2018

See Schedule 1 and 2 for financial information as of November 30, 2018. The following is an explanation for the main revenues and expenditures:

Revenues

a) Property Taxes
$0.2 million of property tax revenue has been recognized as of November 30, 2018. This relates to treaty land entitlement property tax revenue which was not budgeted. This compares to $30.1 million and 75% in 2017-18. As of January 1, 2018 property tax revenues flow directly to the provincial government and funding will be received solely from the provincial grant in 2018-19.

b) Provincial Grants
$57.0 million and 25% of the provincial grants have been recognized for the year, compared to $25.0 million and 13% in the prior year. The current year is higher on a percentile basis because in 2017-18 grant revenue was lower in the first four months as property tax was being collected until December 31, 2017.

c) Tuition and Related Fees
Tuition and related fees consist of revenues from the international student program (ISP), as well as federal tuition for First Nations students. $0.4 million and 23% of budget has been realized as of November 30, 2018, compared to $0.7 million and 37% in 2017-18. The current year is lower on a percentile basis as the revenues relate primarily to ISP tuition revenue which is expected to be lower in the current year as the program is being phased out.

d) Complementary Services
Complementary services relate primarily to prekindergarten funding, as well as alternative funding grants. $1.0 million and 23% of budget has been realized so far in the current year. This compares to $0.8 million and 24% of budget in 2017-18. The current year is expected to be higher due to the reclassification of certain provincial programs which were previously recorded as provincial grants.
e) **External Services**

External services consist of funding for associate and alliance schools, as well as cafeteria revenues. As of November 30, 2018, $2.4 million and 35% of budget has been recognized. In 2017-18, $2.6 million and 40% of budget had been realized for the comparable period. This account is expected to be on budget for year-end.

f) **School Generated**

School Generated revenue relates to student fees and grants at the school level. Revenues of $2.3 million and 47% of budget has been realized in the current year. This is higher than 2017-18 levels of $2.0 million and 41% but is expected to correspond with school-generated expenses.

g) **Other**

Other includes mainly investment and rental income. Other revenues of $0.2 million and 11% of budget has been realized in the current year compared to $0.2 million and 13% in the previous year.

**Expenditures**

a) **Governance**

Expenses related to governance total $0.1 million and 15% of budget as of November 30, 2018, compared to $0.1 million and 15% in the prior year.

b) **Administration**

Administrative costs are $1.5 million and 25% of budget as of November 30, 2018. This is lower than 2017-18 levels of $1.7 million and 27% and is expected to be on budget.

c) **Instruction**

Instruction expenses total $51.7 million and 27% of budget as of November 30, 2018. This is slightly lower comparatively to the prior year of $53.0 million and 28% of budget. The current year is expected to be closely aligned with budget.

d) **Plant**

Plant expenses are currently at $8.5 million and 19% of budget compared to $8.2 million and 22% in 2017-18. The current year is lower on a percentile basis due to the timing of the Preventative Maintenance and Renewal expenditures.

e) **School Generated Expense**

These expenses currently total $1.1 million and 21% of budget. This is higher than 2017-18 levels of $0.7 million and 14% of budget. These expenditures are expected to align with revenues in the current year.

f) **Transportation**

Transportation expenditures amount to $1.6 million and 25% of budget as of November 30, 2018. This compares to $1.5 million and 24% of budget in the prior year.
g) **Tuition and Related Fees**
These expenses relate primarily to disbursements to homebased students. No disbursement has been made so far in the current year.

h) **Complementary Services**
Complementary services expenditures relate primarily to prekindergarten and alternative funding grants. Expenses are currently $1.2 million and 27% of budget which is comparable to 2017-18 on a percentage basis of 26% and $0.9 million. The current year is expected to be higher due to the reclassification of certain provincial programs.

i) **External Services**
External services include expenses related to the associate schools, cafeterias, donations, Whitecap and the foundation. These amount to $1.4 million as of November 30, 2018 and 20% of budget. This is comparable to 2017-18 levels of 1.3 million and 19%.

j) **Interest/Allowances**
Interest expenditures are currently $0.1 million and 25% of budget. This is comparable to 2017-18 levels which were $0.1 million and 27% of budget.

**Capital Expenditures**

The attached schedule (Schedule 3) provides information regarding the unaudited financial status as of November 30, 2018 for capital and Preventative Maintenance and Renewal projects which are considered in progress or have had financial activity during the year. This includes the inception to date costs and budget.

**Internally and Externally Restricted Surplus**

There are no significant changes to the restricted surplus accounts other than budgeted allocations and allocations from funds outside the operating fund. See Schedule 4 for more information.

[✓] Board Meeting | [ ] Correspondence | [ ] Information
[ ] Committee of the Whole | [ ] New Business | [✓] Decision
[✓] Reports from Administrative Staff | [ ] Other: | [ ] Discussion

BACKGROUND

Cost consultant services are required to support the work of the Facilities department in its successful delivery of a variety of small and large planning, design, and construction projects. These services are typically provided by a private company, and the school division periodically advertises for such services to ensure that the best cost/value proposition is available from the market place in this regard.

CURRENT STATUS

A Request for Proposal (RFP) for cost consultant services was advertised publicly on October 26, 2018. Three proposals were received by the deadline of November 16, 2018 at 2:00 p.m. KDL Consulting Limited is deemed to be the successful proponent for this work, based on the rated criteria. Attached please find the evaluation summary for the three proposals.

It is expected that the average annual value of this contract will not exceed $50,000, with a three year total not to exceed $150,000, and a five year total (if the contract is extended) not to exceed $250,000.

[✓] Other: Response to Trustee Question

BACKGROUND

At the October 30, 2018 Board meeting, Trustee Zwarych asked Administration to provide information with regard to the transition of English as an Additional Language (EAL) students.

CURRENT STATUS

As of September 30, 2017, Saskatoon Public Schools had 2,762 students receiving the services of an English as an Additional Language teacher. Over the course of the school year, approximately 15% or 415 students exited the programs as they reached the appropriate skill level.

From October 1, 2017 to June 30, 2018, 252 students who were receiving EAL support left the division, about half of them leaving the province. During the same time, 396 students registered who required EAL support.
