BACKGROUND

Academic excellence, character, engagement, and well-being of students are at the heart of Saskatoon Public Schools’ five-year strategic plan. The plan highlights our vision of each student being known, valued, and believed in. It emphasizes Saskatoon Public Schools' commitment to creating learning experiences that inspire all students to reach their potential and the importance of relationships, equity and accountability.

Students spend the year within the same cohort with the same teachers. Emphasis is placed on developing relationships creating a climate of respect, care, and cooperation. This program is an important model for healthy engagement with the community.

BACKGROUND

Academic excellence, character, engagement, and well-being of students are at the heart of Saskatoon Public Schools’ five-year strategic plan. The plan highlights our vision of each student being known, valued, and believed in. It emphasizes Saskatoon Public Schools' commitment to creating learning experiences that inspire all students to reach their potential and the importance of relationships, equity and accountability.

CURRENT STATUS

Saskatoon Public Schools uses a kindergarten learning community model to support teacher professional development. The community was created for educators to engage in professional inquiry with a focus on developing a shared understanding of curriculum and implementation of intentional play in kindergarten classrooms. Last year the community focused on professional learning in culturally responsive instruction, mathematics and emergent literacy.

This year the Saskatoon Public Schools’ strategic plan has provided guidance and a focus in the work in early learning. Professional learning has concentrated on the following:

- how to create equitable learning experiences that inspire all students to reach their potential,
- explicit teaching practices in phonemic awareness, oral language development, and inquiry-based instruction,
- how teachers can use documentation as a form of assessment to better understand student need,
- culturally responsive teaching and learning; and
- how mathematics and number concepts can be integrated into all the areas of kindergarten.

The presentation will highlight these key areas of professional learning and how they are impacting student achievement in early learning classrooms.

That the Board receive the Strategic Plan Update: Early Learning for information.

Secretary of the School Division  Board Chair
BACKGROUND

The procurement of Roofing Consultant Services for planned roofing replacement work is a top priority for the Facilities Department. Facilities usually completes in excess of $2 million of planned re-roofing projects each year, which requires roofing consultant fees in the order of $200,000 to $250,000. These figures are expected to continue to accrue, and potentially increase after the next three years. As such, it is proposed that the Facilities Department secure multiple consultant options to ensure best value and effective service delivery.

CURRENT STATUS

The Facilities and Procurement departments worked together to develop an RFP (Request for Proposals) for roofing consulting services, with the intention of selecting three consultants for terms of three years each, with two single year options, allowing for an extension to five years maximum for each firm. Eleven proposals were received on October 21, 2019. Mr. Tyson Robertson, Manager of Contract Services, Mr. Harley Camsell, Manager of Procurement, and Mr. Ken Leier, the Board’s cost consultant made up the review team. RMIS Engineering Limited, Kindrachuk Agrey Architecture, and aodbt architecture interior design have been deemed the most appropriate providers of roofing consultant services in this regard.

If the option to extend these contracts for one or two additional one-year terms is to be considered, then a new motion regarding the cost of roofing consultant services will be brought to the Board for its review and approval at that time.

**BACKGROUND**

A Request for Proposal (RFP) for supply of Legal Services was issued on October 18, 2019. The RFP document was advertised on both the Board’s public website and the SaskTenders’ website where it was downloaded by 11 firms.

The RFP is for a term of three years with an option to extend the contract for an additional two-year term.
