BACKGROUND

Strengthening Our Learning Community- Strategic Direction: Our Students’ Learning goal states: “Our students will engage in relevant and challenging learning opportunities to enhance their academic, personal, and social/cultural growth.” Our People goal states: “Our people will be committed to a constructive educational culture that values people, excellence, and life-long learning.” Our Community goal states: “We seek to build with our community shared ownership and responsibility for the well-being and education of our children and youth.” Our Organization goal states: “Our organization will be principled, innovative, collaborative, accountable, and effective.”

CURRENT STATUS

Participation in arts education programs, both curricular and extra-curricular, plays an integral role in the lives of many students. Many students who enroll in collegiate drama classes often participate in a drama production as a culmination of learning. This year, students and staff from Bedford Road Collegiate performed The Lion King. Cast members and co-director Ms. Lisa Aune, will share their experience and highlights from this year’s performance.

BACKGROUND

Saskatoon Public Schools is committed to creating safe and caring learning environments. It is our goal to work together with parents/caregivers/guardians and community partners to support students as they develop moral values, display ethical conduct, and achieve to the best of their ability. The Comprehensive School Community Health framework provided by the Ministry is foundational to this core strategy.

This core strategy is comprised of the following areas:

- Violent Threat Risk Assessment (VTRA)
- Community Threat Assessment Protocol (CTASP)
- Trauma Response
- Healthy and Respectful Relationships
- Partnerships
- Gender and Sexual Diversity

CURRENT STATUS

Safe, Caring, and Accepting Schools personnel work to support staff, students, and families in developing healthy and respectful relationships that focus on preventing, responding, and resolving situations that present as barriers to learning and well-being of students. Saskatoon Public Schools has provided opportunities for staff and students to learn and develop skills that enable them to effectively understand and minimize conflict, communicate their needs, and support one another. Developing healthy and respectful relationships extends beyond the school and into the digital world. Digital citizenship education in the context of healthy and respectful relationships has proven to be of great interest to families. Engaging parents as the school’s most important partner has been important work this past year. Presentations and consultation with families have taken place at School Community Council assembly meetings, parent information events, single family meetings, and parent forums.

Ms. Charlene Scrimshaw, Superintendent of Education, will lead this core strategy update along with Ms. Pamela Goulden-McLeod, Consultant: Safe, Caring, and Accepting Schools and Ms. Coralee Pringle-Nelson, Coordinator: Counselling Services.

BACKGROUND

Trustees have requested that Administration provide regular updates for the New School Bundling Project.

CURRENT STATUS

The deficiency review process has started, with level of finish reviews conducted in February at all four schools. Sylvia Fedoruk School has entered the first round of deficiency reviews on March 23, 2017. Ernest Lindner School and Colette Bourgonje School will enter their first round of deficiency reviews the week of April 6, 2017. These activities will continue until service Commencement, while there will still be some minor construction coordination with Joint Use Mutual Partnership (JUMP). As of March 13, 2017, the project is 93% complete.

Completing preparations for the operating period, including training plans, move-in and furniture logistic plans, and agreement finalizations, will be the primary focus for many of the Joint Use School Project representatives. Furniture and equipment purchase orders will continue to be issued through May 2017.

Milestones in the next twelve months:

- Interior finishes – May 2017
- Mechanical and electrical – May 2017
- Deficiency review and clean-up – June 2017
- Building commissioning – June 2017
- Service commencement – June 2017
- LEED testing – June 2017
- Building hand-over – July 1, 2017
- Furniture and equipment delivery – July – August 2017
- DIRTT wall installation at Chief Whitecap School – July – August 2017
- Playground installation – July – August 2017
- Classes commence – September 2017

The four Saskatoon projects are adhering to the approved construction work schedule and are expected to be completed by the target service commencement date of June 30, 2017.

BACKGROUND

The following correspondence is included in this file for the information of the Board:

(a) Correspondence from Donna Harpauer, Minister of Government Relations and Minister Responsible for First Nations, Métis and Northern Affairs, regarding 2017 Potential Education Mill Rates

Correspondence Document

RECOMMENDATION

Proposed Board Motion:

That the Board receive the correspondence as listed.
MAR 27 2017

To: All Boards of Education and Directors of Education

RE: 2017 Potential Education Mill Rates

This is to advise you of the 2017 education mill rates to be levied with respect to every school division and property class for the 2017 taxation year, as follows:

- Agricultural Property: 1.43 mills
- Residential Property: 4.12 mills
- Commercial/Industrial: 6.27 mills
- Resource (oil and gas, mines and pipelines): 9.68 mills

These rates are pending adoption of an Order in Council as required by legislation.

Municipalities will continue to collect education property taxes (EPT) and remit them directly to school divisions for 2017. The revenues will continue to be used for education purposes.

As per their right, separate school divisions may levy EPT and collect it from members of the minority faith. Their rates may differ from those set by the province, but the rates must be in the same proportion by property class.

Any minority faith board of education wishing to determine its own levy must have passed a bylaw to do so. A board of education of a minority faith school division can only make or repeal a bylaw after a general election and before December 31 of the same year. Any minority faith school divisions opting out of the provincial EPT mill rates must send notification of their EPT mill rates to the Ministry of Education and all municipalities within their boundaries by May 1, 2017. The next opportunity for these minority faith boards of education to revisit this decision is after their general election in October 2020.
To: All Board of Education and Directors of Education

Page 2

The changes in the EPT mill rates for 2017 have been made in the context of the 2017 general revaluation, and changes in percentages of value for non-arable (pasture) agricultural land and residential property.

Government is also re-establishing the 60/40 split for the funding of education, 60 per cent from the government’s General Revenue Fund and 40 per cent from EPT. In recent years, the share of education funding from EPT has slipped to approximately 35 per cent.

THE PROVINCIAL BUDGET 2017-2018

BACKGROUND

The provincial budget was released on Wednesday, March 22, 2017.

CURRENT STATUS

This agenda item will provide an opportunity for Trustees to express their opinions regarding the provincial budget 2017-2018, as it relates to education in our province, city, and Saskatoon Public Schools.
BACKGROUND
This year, Curriculum and Instruction is updating resource materials in Law 30 and also purchasing materials for the renewed Health Science 20 Curriculum. Based on findings from selection committees, resources that are best aligned with new curricula are recommended to the Coordinator: Curriculum and Instruction for purchase. The Coordinator approved the best fit textbooks and other selected resources within the budget designated for the purchase of instructional resources.

CURRENT STATUS
In accordance with Administrative Procedure 515: Purchasing, the Chief Financial Officer and Manager of Purchasing Services have deemed these purchases to be in the best interest of the school division, given the best match to the curriculum requirements. A Single Sole Source form was filled out in accordance with procedures.

The following resources will be purchased and are within budget:

- Law 30 $40,773.48
- Health Science 20 $51,364.00
- Fountas and Pinnell $74,250.00

RECOMMENDATION

Proposed Board Motion:
That the Board approve a purchase of instructional resources from Pearson Education in the amount of $166,387.48 plus applicable taxes and shipping.
Saskatoon Public Schools (SPS) received Preventative Maintenance and Renewal (PMR) funding of $4.3 million in the 2016-17 budget allocation. At the current time, $2.8 million has been allocated to roofing projects and two control system replacements. Therefore, there is currently $1.5 million uncommitted PMR funding from the 2016-17 budget allocation. The 2017-18 budget included a PMR allocation for SPS of $4.9 million.

The Centennial Collegiate portable classroom reconstruction project requires funding of $1.0 million. This project cannot be funded from PMR funding (see Attachment 1). Saskatoon Public Schools was not awarded portable funding in the 2017-18 budget for this project.

It is proposed that $1.5 million, currently available in PMR, be allocated to projects outlined in Attachment 2. These projects were originally planned to be funded from the operating budget of the Facilities Department. This allocation to PMR will create available funding within the 2016-17 operating budget to accommodate the Centennial Collegiate portable classroom reconstruction project. All amendments to PMR require approval of an amendment form by the Ministry of Education.

The Centennial Collegiate portable classroom reconstruction project is a capital project. Therefore, $1.0 million of 2016-17 operating budget funding must be re-allocated to the capital budget.

PMR funding is accounted for as capital funding, but can be used on projects that are both operating or capital in nature. The $1.5 million of projects outlined will be considered operating projects for accounting purposes. Therefore, the PMR funding must be transferred to the operating fund upon completion of the projects to ensure compliance to accounting policy. This transfer will occur at year end.

The allocation of the 2017-18 PMR will include the roofing projects awarded on a contingent basis at the March 14, 2017 Board meeting. The remaining priorities will be outlined prior to finalization of the 2017-18 budget.
RECOMMENDATION

Proposed Board Motions:

1) That the Board approve the amendment to the PMR maintenance plan to include $1.5 million of facility projects as specified.

2) That the Board approve the following funding transfers:
   a. The transfer of $1.0 million from 2016-17 operating budget to the 2016-17 capital budget for portable projects.
   
   b. The transfer of a maximum of $1.5 million from Internally Restricted Surplus designated for tangible asset expenditures to the Unrestricted Accumulated Surplus for PMR operational projects. The transfer will be based on actual project amounts for the year ended August 31, 2017 and August 31, 2018; cumulative amount of both years not to exceed $1.5 million.
Ministry of Education
Preventative Maintenance and Renewal Funding Program
Policy Guidelines

Program Description:
The Preventative Maintenance and Renewal (PMR) Funding Program will allow boards of education and the conseil scolaire to maintain owned facilities in satisfactory operating condition. The funding is intended to assist in the proactive inspection, detection, and correction of incipient failures before they occur or before they develop into major defects.

Funding:

- The annual distribution of PMR funding is based on the gross floor area of all schools owned by a board of education or the conseil scolaire. The gross floor area of Hutterian schools, associate/independent schools and leased facilities is not included.
- Annual distribution formula:

\[
\frac{\text{School Division Gross Floor Area}}{\text{Provincial Gross Floor Area}} \times \text{Provincial PMR Budget Allocation}
\]

- PMR funding will be provided to each school division in the form of a “capital grant”.
- School divisions will receive their annual PMR appropriation, provided:
  - a PMR Maintenance Plan is developed in accordance with policy and policy guidelines;
  - the PMR Maintenance Plan has been submitted to, reviewed by, and approved by the ministry; and
  - the previous year’s PMR reconciliation process has been completed.
- PMR funding shall not be used for the purposes of:
  - Expanding or adding to the gross floor area of facilities;
  - Renovating or altering facilities to establish other ministry programs (e.g. Prekindergarten and school-based child care centres);
  - Moving relocatables;
  - Purchasing or installing playground equipment; or
  - Funding facility operational and instructional expenses including, but not limited to, salaries and utilities.
- If ineligible expenses are made using PMR funds, the corresponding amount may be deducted from future year PMR appropriations.

Maintenance Plan:

- A PMR Maintenance Plan lists the prioritized deficiencies of owned facilities over a three year period. School divisions will be notified of the specific years
required in the plan.
• Each year, boards of education must approve their PMR Maintenance Plans, by way of motion, and submit them to the ministry with a Preventative Maintenance and Renewal Authorization Form.
• Revisions to an approved PMR Maintenance Plan will require the submission of a Preventative Maintenance and Renewal Amendment Form and a Preventative Maintenance and Renewal Authorization Form.
• All plans and forms are to be submitted via the Asset Planner system.
• School divisions will receive a letter when their PMR Maintenance Plan and/or PMR Amendment Form(s) have been approved by the ministry.

Reconciliation:
• PMR expenditures reported in Asset Planner are to be reconciled to Audited Financial Statement Expenses using the Preventative Maintenance and Renewal Reconciliation Form.
• A school division’s new allocation may be delayed until the previous year’s reconciliation is complete.

Timeline:
• On Budget Day each year, the provincial PMR budget allocation for the fiscal year will be announced.
• By June 30th of each year, school divisions must develop and submit a three year PMR Maintenance Plan via the Asset Planner system.
• Annual PMR funds will be distributed to school divisions within the first quarter of the ministry’s fiscal year.
• By October 31st of each year, school divisions must enter all PMR expenses for the previous school division fiscal year in Asset Planner.
• By December 1st of each year, school divisions must prepare and submit a Preventative Maintenance and Renewal Reconciliation Form.

Project Activity Types Eligible for PMR Funding:
Project activity types eligible for PMR funding include, but are not limited to, the following:

Architectural Systems
• Building Envelope – Example: walls, window systems, doors, loading docks;
• Roofing Systems – Example: curbs, flashing, drains, ballast;
• Interior Construction – Example: walls, doors, flooring, visible structural components;
• Interior Finishes – Example: flooring, ceiling, wall finishes;

BACKGROUND

Play structures for junior playgrounds are a priority for facilities work for summer installation. Saskatoon City Council has approved $400,000 for Saskatoon Public Schools to purchase play structures for junior playgrounds in Colette Bourgonje School, Chief Whitecap School, Ernest Lindner School, and Sylvia Fedoruk School.

CURRENT STATUS

Attached, please find a summary of bid comparisons for the above. A technical and value for money evaluation was conducted by Crosby Hanna and Associates to ensure the submissions met the required criteria: scope, technical, quality, aesthetic, and contractor experience. Contractor experience, product quality, and adhering to technical requirements were weighted heavily in the evaluation process and resulted in the recommendation to award the tender to M3 Contracting Ltd. o/a Playgrounds-R-Us. The pst has resulted in a slight overage per site, this will be covered off with a contingency account.

RE: Saskatoon Public Schools P3 Schools Junior Playgrounds (16-058)

We have reviewed the six (6) bids submitted for the Saskatoon Public Schools P3 Schools Junior Playgrounds tender by Park N Play Design Co., M3 Contracting Ltd. o/a Playgrounds-R-Us, J.T. Sprinkler Systems Ltd., Canadian Recreation Solutions, Dynamic Construction and Blue Imp.

We recommend award to M3 Contracting Ltd. o/a Playgrounds-R-Us for the base bid price of $381,204.00 + GST and PST for a total initial contract price of $423,136.48, including all taxes.

We believe the bid price submitted by M3 Contracting Ltd. o/a Playgrounds-R-Us is reasonable; they have provided all the required documentation and indicated that they understand the project requirements and scope. We have previous experience with this company and their proposed play line and do not have any concerns with their ability to deliver a suitable, quality project in a timely fashion.

The original budget for each school was $100,000.00, which we understood this to exclude GST as has been typical on previous SPS projects, as we understand GST to be reimbursed to the school division. In this case the recommended bid is only $1,384.11 over budget per site. We wish to note that Playgrounds-R-Us was used in preparing the base design for the bid documents, and prior to tender close, pretender estimates confirmed that this play equipment design was within the original budget. The changes to the PST laws were announced after this project was posted for tender and we believe that the increase in cost with the submitted bid is a direct result of these changes.

We do wish to note that M3 Contracting Ltd. o/a Playgrounds-R-Us is not the lowest bidder; however, we have taken into consideration the award criteria outlined in Section 00 21 13 Instructions to Bidders, 2.9.2 and believe that Playgrounds-R-Us have provided the structure design with the highest aesthetic and play value and understand Landscape Structures to manufacture one of the highest quality play lines in the industry. We have not had the opportunity to work with the three (3) other lower bidders and therefore cannot confidently recommend their team or products for installation on four (4) SPS sites that are as high profile and high quality as the P3 Schools. Our previous experience with Playgrounds-R-Us and Landscape Structure provides us the opportunity to confidently recommend their bid for award.

If there are any questions or concerns please don’t hesitate to contact me.

Regards,

Lyndi Dyck

BACKGROUND

Saskatoon Public Schools Foundation (Foundation) exists to further enrich the lives of students through educational experiences at Saskatoon Public Schools while encouraging community engagement in public education.

At the Foundation meeting on March 24, 2017 the following motion was passed:

“That the Board (of Directors) recommend that the Board of Education Trustees appoint the following individuals to the Foundation’s Board of Directors as follows:

Prabha Mitchell – to serve an initial term of 3 years

CURRENT STATUS

The Saskatoon Public School Board is the sole member of the Foundation and in accordance with section 5.4 of the Constitution and Bylaw of the Foundation:

“Directors are elected by the Member for an initial term of office of three (3) years. Directors are eligible to seek re-election for a second term of office of three (3) years. No director may serve more than three (3) consecutive terms of office. If the Director seeks election for a 3rd consecutive term of office, the director can specify the length of the 3rd term as being either a one (1) year, two (2) year or three (3) year term of office. Directors who have completed their uninterrupted term(s) of office are eligible for re-election one (1) year following the end of their uninterrupted term(s) of office. The term is considered to begin at January 1, following his/her election.”

There are currently nine directors. According to the bylaws of the Foundation, the number of directors can range from a minimum of three to a maximum of fifteen.
