MESSAGE FROM ADMINISTRATION

Spring is upon us and the change in weather brings with it fresh and positive energy which is evident at Evan Hardy. We have had an incredible year thus far and continue to be impressed by the successes of our students and staff both inside the classroom and in the extra-curricular areas they are involved in. Our choir performances during the festival were incredible and they were rewarded accordingly through the adjudication process. The band will follow up with performances as well so good luck and congratulations to all involved. We also had some wonderful news shared about the success of our Synchrotron club that you will read more about later in this newsletter.

A number of our athletes were able to participate in city playoffs and some took part in provincial championships. Congratulations to all athletes who were involved in basketball, curling and wrestling. We are proud of your accomplishments and the team work and sportsmanship that was displayed. Badminton began their season at the end of February and Track begins in April. Check our school calendar on the portal or the SSSAD website for game times and locations as well as track meet dates.

Special thanks to our English as an Additional Language department for their leadership and hard work in another successful CultureScape that took place on March 16th. The students were very proud to share their cultural background and we had a wonderful program filled with diversity. All of our student body had the opportunity to learn a bit more about the people in our community. The school also took part in a Live Different presentation with a terrific message about empathy and changing your focus to ‘we versus me’. Our student body was incredible during the performance and I know many are already involved in a number activities both inside and outside of school that support our community.

The school calendar for 2017-2018 has been released and approved with the traditional breaks. We will follow a post-Labour Day start, similar to this year. One significant change to previous school calendars will be the change in our Thursday schedule away from early dismissal, to a regular school day. We have moved our meeting times that typically take place on shortened Thursday into full day professional development days that have been dispersed throughout the school year. This will see both elementary and secondary schools with the same dismissal times every day of the week. We will be taking a closer look at our daily schedule and consulting with staff and other Collegiates once we decide on our start and dismissal times. To summarize the changes, every second month (6 days in total) high schools will have a day where there is no school for students. On these days, teachers will be involved in staff meetings, department meetings, teacher collaboration opportunities as well as professional development. Regina Public School Division adopted this model last year and it seems to be working well for them. We will post a copy of the school calendar on our parent portal and have attached a copy to this newsletter as well.

We had our second round or Parent/teacher interviews on March 23rd and 24th. If you missed the opportunity to connect with teachers, we encourage you to contact the school to make arrangements to do so. We altered our format slightly to include some unscheduled time on Friday afternoon.
If you have any feedback on the interview process we are interested in hearing from you so send us an email or give us a call. Our students have been working hard on their studies and have been respectful citizens in the community. We are proud of the commitment they are making to being successful students at Evan Hardy.

As the Easter Break approaches we want to wish you all a wonderful break and safe travels if you are heading out of Saskatoon.

On behalf of the staff

Wendy Benson
Principal

Kevin McNarland
Vice-Principal

Extended Leave Forms

When a student knows in advance that they will be missing three or more consecutive days, the following procedures are to be followed:

♦ The student obtains an “Extended Leave Form” from the Main Office and has each teacher indicate any pre- or post assignments and the possible academic consequences of the proposed absence. A parent/guardian must also sign the form.

♦ The student returns the completed form to the Main Office for administration staff’s final approval and signature.

♦ If needed a copy of the form will be given to the student for their reference.

Contact Information

Please notify our Student Services office at (306) 683-7706 of any changes to your phone numbers (home, work, cell), address, place of employment, email addresses, medical information, or emergency contacts.

Thank you for working with us to make sure we can get in touch with you in the event of an emergency.

Student Fees

Message from the Board

Dear parents and guardians,

In light of our commitment to be open and accountable to our school communities, my board colleagues and I want to share the following information about the recent provincial budget.

As anticipated, the provincial budget will have a considerable impact on our school division as we plan for the 2017-18 academic year and beyond. Along with the division’s executive members, we are meticulously studying and debating the amount of funding we are receiving from the province compared with our expenses. While continuing to analyze the numbers, we estimate a more than $11 million shortfall for 2017 – 2018 based on the following factors:

- Our operating funding from the provincial government for the 2017-18 school year will decrease by $3.9 million, a reduction of 1.7 per cent;
- At the end of September 2016, our division enrolment for K-12 was 23,731. Our projection for September 2017 is an increase of 685 students. The result is, on a per student basis, funding for the 2017-18 school year will be $9,691, a decrease of $460 per student compared to this year;
- With the opening of four new schools, there will be an approximately $1-million increase in operational expenses;
- Increasing enrolment, the growing diversity of our students and their emergent learning needs places greater pressure on the division, not only in terms of capacity but also for providing adequate staffing and programming.

We are continuing to work with the Ministry of Education. No decisions have been made at this point. The division’s discretionary spending is being closely examined and every corner of our operations will be reviewed. Our school division works collaboratively with Greater Saskatoon Catholic Schools to address busing needs in a cost-effective way; however, further efficiencies will need to be found.

The board wants to make all school families aware that difficult decisions will need to be made. However, trustees will continue to put students first. As always, the board will do everything it can to minimize the impact in the classroom.

If you have a question, please don’t hesitate to contact your trustee, Suzanne Zwarych by email at zwarychs@spsd.sk.ca or by phone 306-683-8468.

Sincerely,
Ray Morrison,
Chair, Board of Education
