

MICHIF PILOT PROJECT

We know how important it is for children to have a successful start through education. Often children who have a strong cultural identity and shared respect for a multitude of language and cultures have increased academic success. We are proud to announce a new Michif Language program.

This initiative is part of a broader partnership between Métis Nation–Saskatchewan and the Royal Canadian Geographical Society aimed at revitalizing Michif language within the Province. We will continue this important work together to protect, promote, and practice Michif language.

Under the guidance of teachers and Michif Language Keepers, this program will connect children with Métis culture and immersion in a full-day Michif language program.
